Due for Class on June 1, 2004:
Complete Problems 7.1-7.3 in Silverstein and Webster. Be sure to provide complete and thorough explanations for each of your answers.

In Class May 25 and June 1, 2004:
We will begin solving the 52 problems in chapter 9 of Silverstein and Webster during class this week and continue with them in our last class period on June 1st. If there are any problems left to finish at the end of next week’s class, they will be assigned as Problem Set 9 (due by June 8th).
