**CERTIFICATION OF TECHNOLOGY PLAN APPROVAL FOR SCHOOLS AND LIBRARIES
UNIVERSAL SERVICE PROGRAM**

We are pleased to inform you that the Archdiocese of Chicago School technology plan has been reviewed by the Peer Review Group and has met the following standards and criteria as detailed for the Schools and Libraries Universal Service Program:

- (1) The Plan establishes clear goals and a realistic strategy for using telecommunications and other information technologies to improve teaching and learning.
- (2) The Plan has a professional development strategy to ensure that staff know how to use the new technologies to improve teaching and learning.
- (3) The Plan includes an assessment of the telecommunications services, hardware, software, professional development and other services that will be needed to implement the strategies to improve education.
- (4) The Plan provides a sufficient budget to acquire and maintain the hardware, software, and other services that will be needed to implement the strategy.
- (5) The Plan includes an evaluation process that enables a school to monitor progress toward the goals outlined in the Plan and make mid-course corrections in response to new developments and opportunities as they arise.

Ultimately, we stress that technology plans must not be viewed or treated as a separate exercise dealing primarily with hardware and telecommunications infrastructure. Instead, there must be strong connections between the Plan, your Staff professional development efforts, and your overall goals for improving teaching and learning.

While we realize that your planning scope may be longer, this approval is valid for the Universal Service Program for three (3) fiscal and school years from this date, ending June 30, 2008. At that time, your Plan will undergo a review and assessment as required by the Schools and Libraries Corporation.

Thank you once again for your continued commitment to improve teaching and learning at your school. We wish you continued success in your efforts at securing the resources that go along with that important task.

Sincerely,

Zachary H. Wichmann
Associate Director for Education

OFFICE OF CATHOLIC SCHOOLS
— ARCHDIOCESE OF CHICAGO —

Superintendent of Schools

May 23, 2005

Dear Partners in Catholic Education:

The **2005 Technology Integration Plan** for schools in the Archdiocese of Chicago is the culmination of months of data collection, analysis, educational research and professional conversation. A representative team of educators, parents and technologists contributed their wisdom to produce a plan to incorporate technology in teaching, learning, assessment and information management.

A goal of the plan itself is that the Technology Integration Plan will be a model and guide for local school technology planning. I hope that as you read and study this plan, you will be inspired with the same vision that permeates our technology implementation efforts.

I invite you to share this plan with your staffs, school advisory committees, technology advisory groups and donors. They will be most helpful in contributing to the local implementation of the plan.

Sincerely,

A handwritten signature in black ink that reads "Nicholas M. Wolsonovich". The signature is fluid and cursive, with "Nicholas" and "Wolsonovich" being more distinct and "M." being smaller.

Nicholas M. Wolsonovich, Ph.D.

| Richard Guerin | Principal, St. Bede the Venerable | Participated in the Planning Advisory Committee |
| Mary Stachura | Assistant Principal, St. John Brebeuf | Participated in the Planning Advisory Committee |
| Kelley McMahon | Teacher, St. Joseph (Wilmette) | Participated in the Planning Advisory Committee |
| Barbara Rasinski | Principal, St. Luke | Reviewed Mission, Vision and Belief Statements |

In 2004, the Catholic schools in the Archdiocese of Chicago comprise the largest parochial school system in the United States. Of the 276 schools, 235 are elementary schools and 41 are secondary schools. Individual elementary school enrollments range from 17 to 1,040 students and individual secondary school enrollments range from 96 to 2,063 students. One hundred forty-nine Catholic schools are located in the City of Chicago, 104 in the suburbs of Cook County and 23 in the Lake County suburbs.

The total number of elementary and secondary students is 106,738. Over 81,000 families send their children to either an elementary or secondary Catholic School. Eighteen percent of the students are non-Catholic. The diversity expressed in metropolitan Chicago is also reflected in Archdiocese of Chicago Catholic schools. Immigrants from Poland, Vietnam and Korea intermingle with Cubans, Puerto Ricans and Mexicans. Haitian populations sit alongside Asians whether from the Philippines, China or India. 84% of students from inner city families represent people of color. They add a rich resource to the future of our cities and to the Church of Chicago. Overall, 24% of students attending Catholic schools in the Archdiocese of Chicago receive free & reduced lunches. However, in the inner city as many as 75%-100% of students attending Catholic schools are eligible to participate in the free & reduced lunch program.

Forty-nine elementary school early childhood programs have received accreditation from NAEYC (National Association for the Education of Young Children). Ninety-three percent of elementary schools have an extended day program. Ninety-nine percent of schools have a kindergarten while 90% have a pre-school program. At the completion of their elementary education, 100% of the eighth graders enter high school. Catholic high schools in the Archdiocese have a 99% high school graduation rate with 94% of seniors entering college. The dropout rate among Catholic high school students is 1%.

In the spring of each year, students in Grade 3,5 & 7 participate in the Terra Nova II standardized testing program. Archdiocesan students consistently perform above the national norm. On the secondary level, the average ACT composite score for students attending city and suburban schools in the Archdiocese is 22, which is above the national (21) and state (20) averages.

The elementary and secondary schools in the Archdiocese of Chicago have 5,665 teachers and 352 administrators. Ninety-eight percent of the elementary faculty and 99% of the secondary teachers are either certified or hold degrees in areas such as music, art and religion. Elementary teachers in the Archdiocese have an average of 12.9 years of teaching experience. Secondary teachers in the Archdiocese have an average of 11.7 years of teaching experience. Ninety-seven of the elementary and secondary teachers in the Archdiocese are laypersons and 3 % are women/men religious.

The average cost to educate a student in a Catholic elementary school is \$3,300 and the average elementary school tuition and fees is \$2,400. Similarly, the average cost to educate a student in a Catholic secondary school is \$10,700 and the average secondary school tuition and fees is \$6,700.

Ongoing financial support for Catholic education is needed to bridge the substantial gap between the costs to educate a student in a Catholic school and the revenue from tuition and fees. The Archdiocese of Chicago, the Big Shoulders Fund, and religious congregations/orders have provided substantial financial support to local Catholic schools. During the past 30 years, the Archdiocese and local parishes have provided more than \$370 million dollars for financial support. Since its inception in 1986, the Big Shoulders Fund has provided an additional \$89 million dollars in student scholarships and direct grants to Catholic schools. Additionally, religious congregations/orders sponsoring Catholic secondary schools have provided over \$42 million in financial aid during the 2003-2004 year alone. The rising costs to educate a student and the need to maintain affordable tuition make it clear that new effort and strategies (e.g., stewardship) must be initiated to gain a greater ability to sustain Catholic schools in the Archdiocese of Chicago.

The Church exists in order to evangelize, that is, to carry forth "the Good News to every sector of the human race so that by its strength it may enter into the hearts of men (and women) and renew the human race." (GDC, par.46, 1997).

All ministries of the Catholic Church exist for the purpose of sharing the Good News (GMD, 1992). Catholic schools find their "justification in the mission of the Church...based on an educational philosophy in which faith, culture and life are brought into harmony." (TRDECS, 1988). Catholic schools have a unique role in the Church since they provide a systematic educational process by which culture is transmitted in the light of faith. Through understanding the world and culture in the light of Gospel teaching, Catholic schools are in the unique position to help the student towards a "conscious choice of living a responsible and coherent way of life." (TCS, par 49).

Since all ministries of the Catholic Church exist to share the Good News, the technology mission statement supports, sustains and challenges the schools of the Archdiocese in their overall mission. Since culture is transmitted in the light of faith, technology, its use, deployment and management, is understood in light of Gospel teaching.

Mission of Catholic Schools

Catholic schools exist primarily to evangelize about the Good News of Jesus Christ and educate Catholic students for the Church's mission. All are welcomed who identify with and seek to live by values in harmony with the Gospel and its preferential option for the poor. Catholic schools provide students an opportunity for educational **Excellence** in the Catholic Christian tradition. Catholic faith-learning communities commit to help each student develop his or her potential for conscious, responsible living, healthy relationships and leadership. The Catholic school communities act as good stewards to make schools **Vital**, affordable, and accessible across the Archdiocese.

Technology Mission

Catholic schools in the Archdiocese of Chicago utilize technology to enhance, enable and engage school communities to be Catholic, excellent and vital.

What is the anticipated product or outcome of evangelization for the Catholic school community?

The Vision Statement articulates the direction that must be pursued in order for the school to accomplish its goals and attain its preferred future. A shared Vision provides FOCUS and IMPETUS. When a Vision is shared, the community is connected, bound together, by a common aspiration.

Vision

Administrators, teachers, parents, guardians, and students will become continuous, resourceful, engaged learners as well as ethical, responsible citizens ready to anticipate and address the complex challenges of a global technological society.

Belief Statements articulate a manner of acting that is consistent with the articulated and agreed upon Mission as the school community works toward achieving its Vision.

Belief Statements

1. Gospel values permeate the curriculum and the total school environment.
2. Catholic schools aid parents in fulfilling their role as primary educators.
3. Catholic schools are learning communities where administrators, parents, teachers and students participate in lifelong learning.
4. Catholic schools utilize current and evolving electronic technologies in promoting communication within and beyond the local school community.
5. Learners develop as critical thinkers and creative problem solvers by accessing technology under the guidance and facilitation of the teacher.
6. Administrators, teachers, parents and students incorporate ethical practices and appropriate standards and protocols in the use of technology.
7. Curricular, co-curricular, extracurricular and administrative operations are improved by resourceful use of contemporary electronic technologies.
8. All members of the school community equitably access current technology.
9. The Office of Catholic schools and schools in the Archdiocese of Chicago model good stewardship in their use of available human and material resources.
10. Cooperative, collaborative teamwork is characterized by a dynamic, engaged learning community.
11. Technology is integrated in teaching, learning and assessment across disciplines.
12. The capacity of the school staff is strengthened by effective communication, adequate resources, ongoing professional development and mentoring.
13. Applications of technology support diverse learning needs (physically challenged, learning disabled, second language, accelerated learners, etc.).

Development of the Mission and Vision Statements

The Technology Planning Advisory Committee articulated key concepts to reflect a common vision for technology infusion in Catholic schools of the Archdiocese of Chicago. Statements to describe how technology infusion furthers the mission of Catholic schools were crafted. Beliefs that guide actions toward the realization of the vision were developed.

These concepts and statements were compiled and edited by the Technology Management Team into the Mission, Vision and Belief Statements of the Technology Plan.

The Technology Planning Advisory Committee and the Superintendent of Schools and the Office of Catholic Schools (OCS) staff endorsed the draft.

I. Overview

The Office of Catholic Schools (OCS) is an organization of approximately 43 high schools and 261 elementary schools throughout the city of Chicago, and Lake and Cook counties. The OCS administrative offices are located at 155 E. Superior. Previous technology plans were completed in 1997 (certified by the National Catholic Education Association) and in 2002 (certified by the Illinois State Board of Education).

The revision of the technology plan for the Archdiocese of Chicago was dependent upon extensive data gathering, processing and analysis. In preparing the plan, OCS utilized a vast array of data sources to draw a picture of the current reality of technology integration within schools.

The annual technology survey provided data on local school planning, technology budgeting, network infrastructure, hardware inventory, teacher technology skills and future plans. An online teacher skills inventory was completed by 15% of the administrators and teachers.

All elementary schools, system-wide, participate in standardized testing in Grades 3, 5, and 7 using the Terra Nova II developed by CTB / McGraw Hill company. Data has been collected and analyzed over many years.

Teacher experience, education, and skills in planning, curriculum development, pedagogy, assessment, and technology use/integration were gleaned from surveys, discussion and participation in the technology planning committee.

Currently, the administrative organization of OCS is using PC's in a LAN environment. However, no WAN exists for the schools and OCS as a whole. Most schools have LANs, but many are only located in computer labs. Not all schools have Internet access, those that do use a variety of Internet Service Providers (ISPs) with a variety of connectivity (see the following drawing under **Current Infrastructure in Technology Deployment and Sustainability**).

OCS, through one full-time technology director and a manager of professional development in technology integration, provides materials, training, and guidance for schools in developing technology plans, applying for E-Rate funding discounts, professional development opportunities, grant opportunities and refurbished equipment distribution.

The Office of Information Technology (OIT) is another department in the Archdiocese of Chicago, which provides the following technology services to all schools:

- Advice and recommendations on sources and types of technical support.
- Support for office automation applications and related administrative tools.

Archdiocese of Chicago - June, 2005

- Guidance in technology purchases, policy development and strategic planning.
- Web-based e-mail accounts for school administrators

Local schools are responsible for providing:

- Direct technology maintenance services.
- LAN connectivity, network management and firewall security service.
- E-mail and Intranet services.
- Strategic planning, budget and procurement review processes.
- Policy or standards for procurement and maintenance of PC/LAN hardware and software.

Schools that have LANs and/or stand-alone PCs provide the following services to students and teachers:

- Access to global Internet resources using multiple Internet Service Provider (ISP) vendors.
- Localized e-mail services to principals, teachers and students.
- PC hardware acquisition that is based on a per school basis with no common standards.
- When available, a full or part-time technology director/coordinator or computer classroom teacher performs end-user support.

Technology and operational budget planning occurs only at the local school level with the scope of the plans varying greatly from school to school.

II. Community Involvement, Awareness and Equity

Awareness of the benefits of technology used in the educational system is growing. All OCS professional staff can articulate the vision and goals of the technology plans to the schools with which they work and can also demonstrate competency in basic technology skills.

Archdiocese of Chicago - June, 2005

Many schools lack technology plans and staff development programs, but the situation is changing, 71 schools have technology plans. 100% of the schools respond to the yearly school technology survey. Schools with Technology Plans have engaged in a public awareness strategy as part of their Plans. OCS working with the Office of Information Technology (OIT) is disseminating information on expanded technology support for the schools. This includes information such as standards, vendors and model configurations.

Additional activities related to technology planning are also in process. OCS, OIT, and the Archdiocesan Facilities Services and Construction are working together to publish construction and renovation guidelines that schools can use to meet technological needs. Schools have implemented appropriate Electronic Communications / Internet Use Policy in their handbooks.

Over the course of the School Improvement Plan (SIP) cycle, all schools will have integrated their technology plans into their school strategic plans. OCS reviews every school's strategic plan over the course of six years.

Beginning with the 1998 Education and Technology Conference, OCS provided annual workshops for schools in using applications for school information systems. OCS working with OIT, continues to address emerging technology issues including the identification of acceptable administrative applications such as school administrative management packages. OCS Technology Management Team published assessment measures for the Technology Plan for schools in the Archdiocese of Chicago. This is an ongoing process. OCS Technology Management Team will publish implementation results for the first phase of the Technology Plan.

Community Involvement Gaps

- Continue promotion of the benefits of technology in education to schools and other stakeholders.

Currently, no policy or technology is in place to provide equitable access and availability to technology for all schools system-wide. Equity in access to educational technology remains an issue for many schools. Catholic schools struggle to find available resources to fund local technology plans. There is a strong need for a centralized technology funding campaign.

OCS contacts schools eligible to participate in funding for federal and state monies for technology yearly. Approximately 65% of all schools currently participate in seeking discounts via Universal Services Fund (E-rate).

Equity and Availability Gaps

- Provide a funding mechanism to support technology for schools.
- Decide on minimum technology standards for all Catholic schools and provide resources to close the gap for disadvantaged schools.

- Participate 100% in E-Rate discounts.
- Develop and provide access to a central database of OCS resources.

III. Curriculum, Instruction, Assessment and Engaged Learning

OCS acts in an advisory, consultative and supportive role to the Catholic schools in the Archdiocese of Chicago. The Office continues to implement the 2002-2005 Technology Plan for Catholic schools. Strategies and initiatives have been implemented over the last three years to help meet the technology goals established in 2002. The Office of Catholic Schools is in the process of ongoing curriculum design and development. Revised and new curriculums include technology integration components. Workshop, curricular development materials and other professional services provided by the Office of Catholic schools have helped local schools integrate technology as a teaching, learning, and assessment tool.

Although the current curriculum development processes, as well as most curriculum modules within the Archdiocese are primarily paper-based, inroads are being forged into the use of electronic tools for curriculum development. Pilot programs in curriculum development have used Web-enriched and software resources. This electronic format allows for more efficient development and revision.

While teachers are utilizing more technology in the delivery of the core curriculum, few teachers use technological resources to assist with student monitoring and other assessment tasks. 95% of Catholic high school graduates attend college and post-secondary education yet there seems to be a need to develop programs in some Catholic high schools that could more adequately prepare young people in the technology skills used in the workplace.

The computer curriculum in most schools is treated as a separate subject and scheduled in a computer lab during a prescribed time. Even in schools with technology resources, there is limited technology integration in the delivery of core content such as language arts, math, or science. However, this situation is improving. The Technology Partnership Initiative with the Center for Teaching and Learning provide extensive teacher training in technology-rich problem based learning. Initiatives such as the Collaboratory Project at Northwestern University provide a focus and a forum for instructional improvement.

Instructional Technologies

OCS has limited instructional technologies currently in place but continues to seek out and identify a variety of options appropriate for schools in the Archdiocese of Chicago. Schools throughout the Archdiocese are integrating technology with instruction using a variety of strategies including: online field trips, e-mailing to experts, course syllabus, assignments and teacher feedback online, computer assisted design, graphic calculators with computer interface and Internet research.

Curriculum, Instruction and Engaged Learning Gaps

- Use technology to develop, revise and share curricula effectively.
- Offer models for engaged learning activities for all class levels and the four core content areas
- Develop, promote and maintain a library of reliable, accessible educational resources such as approved software, Web sites, conferences, and publications.
- Determine a method whereby teachers can easily track student progress in attaining specific curricular goals as listed in the curricular guides.
- Continue to leverage limited local resources with the use of E-Rate discounts. Title funds and corporate grants to support the implementation of local technology plans.

Student Assessment

Most student record information is maintained on site. OCS does receive aggregate information on students on a per school basis. There is currently no system-wide standard for maintaining student information. There is also no system-wide standard for a student assessment system.

Student Assessment Gaps

- Build a data warehouse of student information for tracking, evaluation and to drive decision-making (using aggregate numbers to maintain student privacy.)

IV. Professional Development

Initial implementations of the 2002 Technology Plan placed the greatest emphasis on staff professional development. Consequently, the greatest progress has been made in this area. OCS is creating staff development opportunities that move educators from acquiring isolated skills in the area of technology to integrating technology into the curriculum.

Computers, software and the Internet are amazingly effective and exciting teaching tools. But it takes more than high-tech equipment to succeed in the classroom. It takes a clear understanding of how to use these powerful tools to improve academic performance, and enhance student learning.

Previous teacher training programs have centered upon teaching software application skills in one-day workshops with little follow-up and support and with little connection to student learning outcomes. It has become clear that for systemic change to occur in schools, teachers must be provided with training that: 1) is hands-on, 2) interactive and online, 3) addresses varying levels of technical skill, 4) is directed toward student learning outcomes, 5) models the use of telecommunications tools, 6) provides skills to create engaged learning environments, 7) is sequential, 8) provides instructor follow-up and support, 9) is supported by school administration.

OCS has provided staff development opportunities that align to the new teacher technology competencies of the National Educational Technology Standards for Teachers (2000), the Illinois State Department of Education and to the ethical and religious dimensions of the Archdiocese of Chicago.

OCS, utilizing federal funding through a state competitive technology grant, has hired a manager of professional development in technology integration and has instituted a program of professional development for all schools. A partnership with the Center for Teaching and Learning (CTL) has leveraged resources and technological tools to provide training for over 900 teachers in a 12 month time period.

OCS and school personnel are incorporating technology into individual professional growth plans. Integration of technology into the curriculum and into the classroom are highly desired staff development topics. These topics are currently being addressed throughout the year via Saturday, weekday and evening workshops. Well over a thousand individuals have attended these workshops to date. These workshops are offered both at the OCS training center and at local sites. 80% of all school personnel have engaged in some staff development for technology.

Many schools are in need of comprehensive professional development plans. A Director of Professional Development was hired in 2003. The director has assessed past professional development opportunities and developed a needs assessment with input from school administration, teachers and OCS professional staff. Best practices are being identified and communicated to schools. A multi-year Staff Development Plan is developed as the local school engages in the School Improvement Process. Lack of OCS personnel has hampered efforts at follow-up and review of local plans.

"Teachers-training-teachers" appear to be the most successful staff development model employed within the Archdiocese. OCS has identified teachers within the system who can teach technology for the train-the-trainer model; they are currently being utilized.

Teacher Development

OCS has the following initiatives in place.

- OCS, in collaboration with the Center for Teaching and Learning (CTL), provides coursework to enable teachers and administrators to achieve a high level of technical competence.
- OCS offers workshops on developing and writing a school Technology Plan.
- Workshops at the OCS Gordon Tech lab site -A variety of workshops are offered. Workshops focus on technology infrastructure, technology software applications, and instructional technology/curriculum integration, Collaboratory projects and web quests.
- OCS has offered a variety of online courses utilizing an Internet application known as Moodle.
- Some personnel at individual schools are providing regional professional development to other schools in their area.
- DePaul University partners with selected inner-city schools to offer teacher training in engaged learning and application skills.
- Local schools are utilizing staff development offered by their local public school districts, area technology hubs and university programs.

Principal Development

- At this time, no specific program has been developed. The 2004 Technology Seminar and Vendor Fair offered an opportunity for technology leaders to share ideas and visit with some Catholic school technology vendors.

Professional Development Gaps

- Develop programs geared to a variety of achievement levels.
- Develop comprehensive staff development plans system-wide and on a school-by-school basis.
- Continue ongoing development of current program, making revisions based on identified effective methods.
- Develop additional partnerships with staff development providers including institutes of higher learning.
- Develop technology leadership seminars for school administrators.
- Adopt the NETS standards for administrators.
- Provide network and hardware maintenance training for local technology experts.
- Develop platforms where teachers may share technology integration successes and failures.

School Technology Planning

Many schools have developed local technology plans and OCS is providing increasing levels of training and support in this area. Technology Planning was emphasized in 2002. OCS provided system-wide planning workshops that trained individuals engaged in the technology planning process for their schools.

Currently, OCS provides training to assist technology plan development. All schools are encouraged to develop a technology plan that allows access to additional federal funds. Schools are in varying stages of developing technology plans. Approximately 43% of schools have technology plans that meet Illinois State Board of Education (ISBE) criteria.

OCS uses train-the-trainer models to mentor schools that need technology planning. OCS created a World Wide Web accessible technology-planning template.

Publication of OCS guidelines for acceptable use policy of electronic communications in schools has been completed. At the local level, schools may create their own policy through the involvement of workgroups including principals, teachers and board members; OCS acts primarily as a facilitator. New federal e-rate requirements have necessitated the development of a School Internet Safety Policy.

Currently, across schools, there is no consistent technology role for library media staff. This has been changing. Also, new hires are more technologically savvy.

OCS provides materials and training to assist schools in applying for E-Rate discounts at the local level. One person at OCS is available for hotline assistance and individual help. Schools access approximately \$1.7 million in E-rate services each year.

Technology Educators for Catholic High Schools (TECHS) provide ongoing peer support. Members include technology coordinators at secondary schools within the Archdiocese. They meet four times yearly to exchange ideas but communicate often through e-mail.

A technology listserv was developed in 2004 and continues to be a major communication and collaboration vehicle among local school technologists.

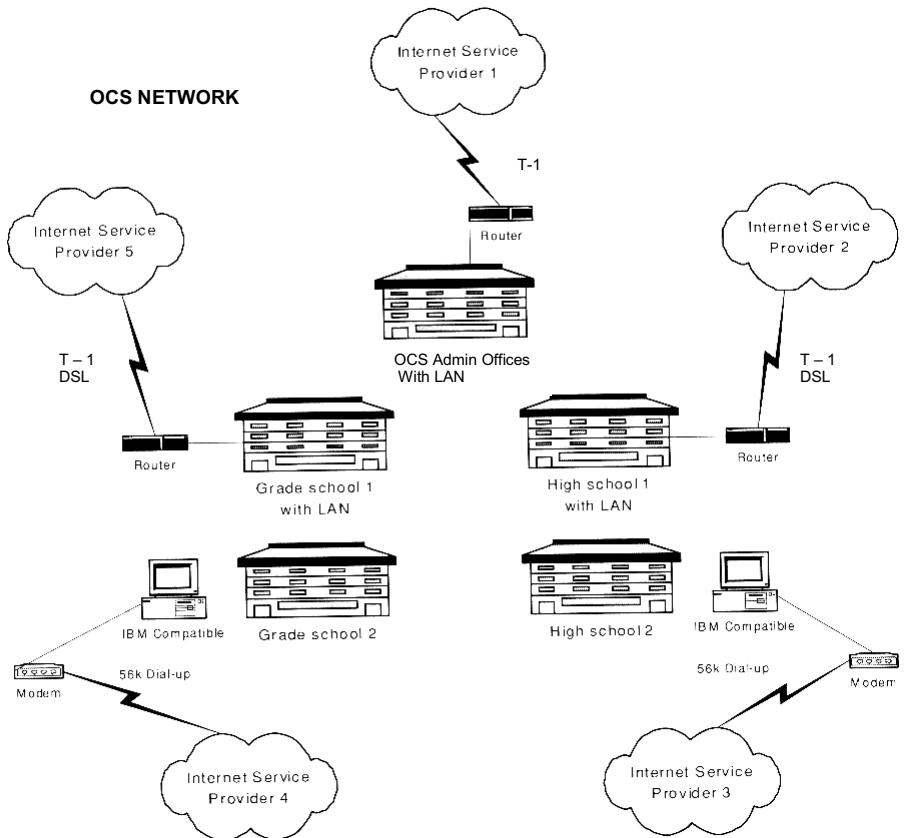

School Technology Planning Gaps

- Increase technology planning support for schools to enable a greater number of schools to complete their technology plans.
- Develop a local school planning template that shares the vision and goals of the OCS plan.
- Encourage the development of an elementary school technology support group.

V. Technology Deployment and Sustainability

Current Infrastructure

Following is a network diagram and school technical demographics/statistics.

Technology Infrastructure Statistics

2001 - 2002

E-rate Discounts

160 schools applied for discounts in 2001 - 2002. Total awards were \$2,596,827.07.

Computer to Student Ratio

Elementary - 6.2:1

Secondary - 4.5:1

All Schools - 5.67:1

Student Internet Access

89% report usage

School E-mail Access

68% report some access

LAN

73% of schools have a LAN

71% of elementary classrooms are wired

86% of secondary classrooms are wired

Teacher Skills

76% have some to advanced experience. 6% have little to no experience.

Budgets

Total technology budget for elementary is \$2,834,673 with an average \$13,828.

Total for secondary is \$2,721,224 with an average of \$76,611.

Total schools budget is \$5,555,897.

2004 - 2005

90 schools applied for E-rate discounts in 2003 - 2004. Total awards were \$1,841,346.94

Elementary - 5.62:1

Secondary - 3.66:1

All Schools - 4.91:1

95% report usage

100% report some access

91% of schools have a LAN

80% of elementary classrooms are wired

96% of secondary classrooms are wired

82% have some to advanced experience. 3% have little to no experience.

Total technology budget for elementary is \$3,185,456 with an average \$15,389 and a median of \$8000.

Secondary total is \$2,607,161 with an average of \$72,421 and a median of \$33,973. Total schools budget is \$5,792,617.

The high schools are more technologically advanced since they use the latest technology in desktop and laptop computers. The grade schools are further behind technologically since the majority of their equipment is Pentium II or older Mac's.

Infrastructure Gaps

- Provide connectivity to the Internet and between schools and OCS.

Procurement

Currently, OCS does not offer central purchasing for technology. OIT advises on standards and may recommend vendors. Recent initiatives have produced vendor websites dedicated to Archdiocese of

Chicago schools purchases at special pricing. Agreements have been developed for special pricing on Microsoft and educational software.

Procurement Gaps

- Develop a central inventory tracking system enabling OCS to analyze purchasing/replacement trends, which, in turn, could enhance system-wide technology planning.

Maintenance and Support

Many schools have a technology coordinator. It is the coordinator's responsibility to support technology as much as possible at the local school. Additionally, OCS may recommend outsourcing hardware repair and networking solutions to various vendors without any means of centrally tracking timelines and quality. Much technology support on the elementary level is provided through parent volunteers.

Maintenance and Support Gaps

- OCS and OIT should provide schools with additional leadership, guidance and services.
- OCS should develop training for local school support to do basic network and hardware maintenance.
- OCS and schools should develop strategies to address the need for affordable maintenance and support.

Collaboration and Communication Tools

Virtually all schools use computers to support an element of their administrative information management needs, though there is a wide variation in the levels of use, the types of hardware installed, and the applications employed. More schools are using electronic communication vehicles on a daily basis.

The OCS Web site is utilized to communicate timely information to school personnel, parents, and stakeholders. The Technology Page newsletter updates schools on technology developments and resources. It is distributed through e-mail and the OCS Web site on a monthly basis.

Across all schools, there is still extensive reliance on paper records. This is changing through the use of e-mail currently available for OCS and a growing number of schools. Currently, 100% of the schools have facsimile accessibility.

All schools and OCS are able to communicate electronically through the Archdiocese Internet-based e-mail system. All newsletters, broadcast information and policy and procedure changes are delivered to schools electronically.

OCS provides many documents as electronic templates. Reporting forms for the Illinois State Recognition Process, the OCS School Improvement Process, teacher and principal contracts are available to schools.

The Pastoral Center, including OCS, is networked to handle office automation functions for professional and support staff. Major OCS data responsibilities that require additional administrative computing support include the school evaluation process, shareholders' report, faculty database, elementary school survey, high school survey, 8th grade post graduation plans and governmental liaison information.

Collaboration and Communication Tools Gaps

- Increase communication between schools and homes using the growing availability of electronic means.

Coordination of Technology Initiatives Gaps

- Increase guidance and support in selecting and implementing administrative and office automation applications:
 - Electronic student records management,
 - Electronic tuition and budget management,
 - Alternative electronic assessment.

SECTION 6A

STAKEHOLDER COMMUNITY INVOLVEMENT

Goal: 1 Catholic schools, in partnership with the surrounding local and global communities, discover and leverage the educational, financial and technical resources available.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|------------|---|----------------------|--------|----------------|
| A. Identify, publish and centrally update sources for funding of technology initiatives. | All | Technology Director / Committee | Ongoing | (time) | |
| B. Assist and enable parishes and schools to conduct local campaigns in support of education technology implementation. | All | Technology Director / OCS Marketing | Ongoing | (time) | |
| C. Create materials to plan a successful development campaign. | 1, 2 | Local school administrator / Technology Committee | 2007 | \$2000 | Local budget |
| D. Ensure local technology plans address how community resources will be discovered and leveraged. | All | Local school administrator / Technology Committee | Ongoing | (time) | |

Goal: 2 Catholic schools strive for equity in Archdiocesan-wide uses of technology.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|--|----------------------|--------|----------------|
| A. Establish a cost- effective source for technical support†. | 2, 3 | Technology Director / OIT | 2008 | (time) | |
| B. Expand the network for efficient donation and refurbishment of technology. | All | Technology Director / Committee / OIT | Ongoing | (time) | |
| C. Identify and cooperate with local and national foundations to secure resources; target schools with critical needs. | All | Big Shoulders / OCS Staff / Sponsored Programs | Ongoing | (time) | |
| D. Access e-rate discounts for all schools. | All | Local schools / Technology Director | Ongoing | (time) | |

Goal: 3 **Catholic schools utilize OCS and local resources to maximize Archdiocesan, school, family and community communication**

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|-------------------|--|-----------------------------|-------------|--|
| A. Disseminate information and outcomes of the OCS Technology Plan to all stakeholder groups. | 1 | Technology Director | 2006 | \$500 | OCS Budget |
| B. Maintain the Archdiocesan-wide planning advisory committee to monitor the ongoing development and implementation of the education technology goals for instruction, administration and communication. | All | Technology Director | Ongoing | (time) | |
| C. Ensure that every local school has a web site. | 1, 2 | Technology Director / OIT / TECHS | 2007 | \$5000 | Archdiocesan budget / local school budget† |
| D. Develop and implement a plan to allow parental access of student records, attendance and grades. | 2, 3 | Local school / Tec. Director / OCS Data Research | 2008 | \$900,000 | Local school budget / grants |
| E. Develop and implement strategies to provide parents with the tools to understand their child's technology use and protect their children at home. | 1 | Technology Professional Development Director / Local school administrators | 2006 | \$5000 | Technology Professional Development Initiative |

Goal: 4 **Catholic schools will develop local school addendums to the OCS plan incorporating the mission, vision and major goals and strategies.**

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|-------------------|---------------------------------|-----------------------------|-------------|-----------------------|
| A. Determine, propose and sponsor strategies enabling all schools to update comprehensive technology plans based on the goals of the OCS plan. | 1 | Technology Director / Committee | 2006 | (time) | |

Archdiocese of Chicago - June, 2005

| | | | Technology Director / Committee | 2006 | \$500 | OCS Budget |
|----|--|------|---------------------------------|------|--------|------------|
| | | | S.I.P. Revision Team | 2008 | (time) | |
| B. | Develop guidelines and provide planning information for all schools. | 1 | | | | |
| C. | Ensure that local school technology plans are incorporated into the next cycle of the School Improvement Process | 2, 3 | | | | |

SECTION 6B**CURRICULUM AND INSTRUCTION**

| Goal: 5 Catholic schools integrate diverse technologies identified by scientifically based research into the process of teaching, learning and assessing in all disciplines at all instructional levels. | | | | | |
|---|--|--|--|--|--|
|---|--|--|--|--|--|

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|---|----------------------|--------------|---------------------|
| A. Use learning activities that stress teamwork, complex thinking, authentic assessments that address real-world problems. | 1, 2 | Principal/ Teachers | 2007 | Speaker Fees | Local School Budget |
| B. Highlight best practice in technology principles at curriculum workshops. | 1, 2 | OCS Curriculum Director | 2007 | (time) | |
| C. Incorporate technology integration strategies within the agenda of the Curriculum Advisory Committee. | 1 | OCS Curriculum Director / Technology Director | 2006 | (time) | |
| D. Investigate the development of incentives to encourage educators to incorporate technology in instruction in innovative ways. | 1 | Technology Director / Superintendent | 2006 | (time) | |
| E. Identify and publish the location of model classrooms and schools that incorporate best practice in technology integration and effective teaching and learning. | 1 | Technology Director | 2006 | (time) | |

| | |
|----------------|---|
| Goal: 6 | Catholic schools, independently and collaborative use technology to communicate, access, analyze and evaluate information. |
|----------------|---|

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|-------------------|---------------------------------------|-----------------------------|-------------|------------------------------|
| A. Engage students in problem based learning within the curriculum using the Indicators of Learning and the Six Essential Learnings. | All | OCS Staff / Principals / Teachers | Ongoing | Speakers | Local budgets / Title grants |
| B. Develop a system-wide strategy for the attainment of student technology competencies. | 2 | OCS Staff / Principals /Teachers | 2007 | (time) | |
| C. Develop an alignment of technology and learning initiatives within existing school improvement areas. | All | Principals / teachers | Ongoing | (time) | |
| D. Provide resources (listservs, chat rooms, forums, etc.) that allow for collaboration among teachers in curriculum development, joint class projects and mutual growth. | 2 | Technology Director / OIT / OCS Staff | 2007 | \$1000 | OCS budget |

| | |
|----------------|---|
| Goal: 7 | Catholic schools align technology initiatives with school improvement goals for curriculum, instruction, and assessment. |
|----------------|---|

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|-------------------|----------------------------------|-----------------------------|--------------------------------|-----------------------|
| A. Ensure that curricular programs and written curriculum appropriately infuse technology into academic content and teaching strategies. | All | OCS Staff / Principal / Teachers | Ongoing | (time) | |
| B. Identify and publish promising practices through OCS news vehicles. | All | OCS Staff | Ongoing | (time) | |
| C. Encourage leadership in developing innovative pilot projects. | All | Principals | Ongoing | (time) cost of project support | Local budgets |

Archdiocese of Chicago - June, 2005

SECTION 6C**PROFESSIONAL DEVELOPMENT**

| | |
|----------------|---|
| Goal: 8 | Catholic School professional staff (Administrators, Teachers, Librarians, Specialists) and support staff demonstrates competencies in technology skills and practices related to their responsibilities. |
|----------------|---|

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|-------------------|--|-----------------------------|------------------|-----------------------|
| A. Identify a person or persons at each school to form a technology committee or focus group to forward Archdiocesan and local technology goals. | 1 | Technology Director / Principal / Local Tech Coordinator | 2006 | (time) | |
| B. Adopt and disseminate the NETS (National Educational Technology Standards) for administrators, teachers and students. | 1 | Technology Director / Committee / Principal | 2006 | Publishing costs | OCS Budget |
| C. Identify or develop tools to measure the attainment of professional and support staff technology competencies and to certify their achievement. | 1 | Technology Director / Vendor Partners | 2006 | \$20,000 | Grants |
| D. Ensure that school level and/or individual staff development plans appropriately infuse technology. | All | Principal / Teachers | Ongoing | (time) | |
| E. Identify staff development providers who can address local in-service needs for both individuals and faculties. | 1 | Technology Director | 2006 | (time) | |

Goal: 9 Building level administrators become technology leaders.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|--|----------------------|----------|---------------------------|
| A. Increase participation of administrators in technology leadership training. | All | Tech director / PD director / principals | 2008 | Speakers | Local budgets / grants |
| B. Ensure that technology competencies for professional and support staff are a component of the annual evaluation. | 2 | Principal | 2007 | (time) | |
| C. Ensure that local professional and support staff handbooks will include the Technology Standards for Illinois Teachers http://www.isbe.net/profprep/CASCDvr/Wd97/24120_coretechnology.doc | 1 | Principal | 2006 | (time) | |
| D. Ensure that new principals and new teacher orientation sessions include technology expectations, training and standards. | 1 | OCS Staff | 2006 | Speakers | OCS Budget / local budget |

Goal: 10 Professional Development in technology integration resources are identified and communicated to school personnel.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|------------|--|----------------------|--------|----------------|
| A. Develop a Curriculum web link that includes technology integration resources. | 1 | Technology Director | 2006 | (time) | |
| B. Establish elementary level technology coordinators groups based upon the model of the Technology Educators for Catholic High Schools (TECHS) | All | Technology Director / TECHS / Local Tech Coordinator | 2007 | (time) | |
| C. Provide assistance to local schools to access federal and external grant resources. | All | Sponsored Programs Department | Ongoing | (time) | |

| | |
|-----------------|---|
| Goal: 11 | Catholic schools provide professional development in technology to support and enhance curriculum, instruction and assessment. |
|-----------------|---|

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|-------------------|----------------------------------|-----------------------------|------------------|------------------------|
| A. Develop, deliver and facilitate diverse technology integration staff development offerings. | All | Technology Director / Principals | Ongoing | \$500,000 / year | Local budgets / grants |
| B. Ensure that SIP Professional Development Plans incorporate current research and best practice in technology. | 1 | OCS Staff | 2006 | (time) | |
| C. Provide electronic accessibility to OCS documents and guides that support curriculum and instruction. | All | OCS Staff | Ongoing | (time) | |
| D. Infuse the application of technology into all inservice and training provided by OCS. | All | OCS Staff | Ongoing | (time) | |
| E. Utilize an aggressive train-the-trainers program to leverage system expertise. | All | OCS Staff | Ongoing | (time) | |

SECTION 6D**TECHNOLOGY DEPLOYMENT AND SUSTAINABILITY****Goal: 12** Catholic schools have sufficient technology resources for teaching, learning, and management.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|--|----------------------|--------------|---|
| A. Seek to maximize the access of funding sources for schools including e-rate, federal funds, grants and partnerships. | All | Technology Director | Ongoing | (time) | |
| B. Develop suggested minimum technology standards for schools. | 1, 2 | Committee / Technology Director / OIT | 2007 | (time) | |
| C. Encourage and facilitate collaborative purchasing of equipment and services. | 1 | Technology Director / OIT / Committee | 2006 | (time) | |
| D. Conduct a yearly survey to update equipment/software inventory and anticipated purchases. | 1 | Technology Director / OCS Data Research | 2006 | (time) | |
| E. Develop procedures and effective models in school budgeting for training; hardware repair and maintenance; life cycle replacement and appropriate licensing. | 2 | Technology Director | 2007 | (time) | |
| F. Ensure that adequate power supports existing and future technology resources planned for individual schools and that power complies with all fire, safety and electrical regulations. | 3 | Principals / Pastors / Archdiocese Pastoral Center | 2008 | \$100,000 X? | Local budgets, grants, development /Big Shoulders |

Goal: 13 Catholic schools electronically network with the Archdiocese and each other.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|---------------------------------------|----------------------|--------|----------------|
| A. Determine an Archdiocese-wide networking strategy for linking all schools and classrooms and providing schools with an electronic mail system, calendar and document sharing. | All | OIT / Technology Director / Committee | 2008 | (time) | |
| B. Identify and leverage cooperative infrastructure for Internet access and Wide Area networking opportunities. | All | OIT, Technology Director / Committee | 2008 | (time) | |
| C. Develop procedures and effective models of ubiquitous access to computer technology in schools. | 2 | Technology Director / Committee / OIT | 2007 | (time) | |

Goal: 14 Catholic schools leverage resources and programs to ensure adequate technology services.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|------------|--|----------------------|----------------|-----------------------|
| A. Provide a mechanism to coordinate and align school technical needs with available OIT services to schools. | 1 | OIT / Technology Director / Committee | 2006 | (time) | |
| B. Develop a committee to advise OCS on areas of greatest need and most desired technology services. | 1 | Technology Director | 2006 | (time) | |
| C. Build internal capacity by identifying school level technology leaders and supporting them with additional technical training opportunities. | 2, 3 | Technology Director / Committee | 2008 | Training costs | Local budgets, grants |
| D. Encourage the development of technology maintenance and support consortiums around a high school with its feeder elementary schools. | 3 | Technology Director / OIT / High Schools | 2008 | (time) | |

Goal: 15 Catholic schools adopt technology policies for the acquisition, deployment, utilization and support of educational technology and school management.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|------------|---------------------------------------|----------------------|--------|----------------|
| A. Continue to update and revise technology policies (Internet, acceptable use, electronic tools) for employees and students that are CIPA compliant. | 1 | Technology Director | 2006 | (time) | |
| B. Assist schools in developing standards and procurement recommendations for the purchase of hardware and software. | All | Technology Director / OIT / Committee | Ongoing | (time) | |
| C. Develop, endorse and publish Archdiocesan technical standards for operating software, network protocols and new hardware purchases. | 1 | Technology Director / OIT / Committee | 2006 | (time) | |

Goal: 16 Catholic schools utilize electronic administrative management systems.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|---|----------------------|--------|----------------|
| A. Develop standard practices for student, tuition and financial transaction and reporting systems appropriate for school use. | 2 | Technology Director / OCS Data Research / OIT / Committee | 2007 | (time) | |
| B. Disseminate a database of administrative applications that meet recommended standards. | 2 | Technology Director / OCS Data Research / OIT / Committee | 2007 | (time) | |
| C. Develop cooperative purchasing agreements for the acquisition of administrative management systems. | 3 | Technology Director / OCS Data Research / OIT / Committee | 2008 | (time) | |

SECTION 7

ASSESSMENT AND EVALUATION

STAKEHOLDER COMMUNITY INVOLVEMENT

Goal: 1 Catholic schools, in partnership with the surrounding local and global communities, discover and leverage the educational, financial and technical resources available.

| Strategies for Closing the Gap | Phase | Assessment Strategies and Tools | Success Indicators | Person(s) Responsible |
|---|-------|---------------------------------|-----------------------------------|-------------------------------------|
| A. Identify, publish and centrally update sources for funding of technology initiatives. | All | View web page and listserv | Sources are published and updated | Technology Director / Committee |
| B. Assist and enable parishes and schools to conduct local campaigns in support of education technology implementation. | All | View phone logs and calendar | Schools assisted | Technology Director / OCS Marketing |
| C. Create materials to plan a successful development campaign. | 1, 2 | View Materials | Materials created and published | Local school admin |
| D. Ensure local technology plans address how community resources will be discovered and leveraged. | All | View Local Plans | Evidence of local strategies | Local school admin. |

Goal: 2 Catholic schools strive for equity in Archdiocesan-wide uses of technology.

| Strategies for Closing the Gap | Phase | Assessment Strategies and Tools | Success Indicators | Person(s) Responsible |
|---|-------|---------------------------------|----------------------------------|--------------------------|
| A. Establish a cost- effective source for technical support†. | 2, 3 | View Newsletter Items | Sources Identified and published | Tec Director / Committee |

| | | | | |
|--|-----|---------------------------------|-----------------------------------|--|
| B. Expand the network for efficient donation and refurbishment of technology. | All | View newsletters and bulletins | Procedure established | Tech Director / OIT |
| C. Identify and cooperate with local and national foundations to secure resources; target schools with critical needs. | All | View School budgets | Resources identified and targeted | OCS Staff / Big Shoulders / Sponsored Programs |
| D. Access e-rate discounts for all schools. | All | Access data report from the SLD | Schools access e-rate discounts | Local school admin / Tech Director |

Goal: 3 Catholic schools utilize OCS and local resources to maximize Archdiocesan, school, family and community communication

| Strategies for Closing the Gap | Phase | Assessment Strategies and Tools | Success Indicators | Person(s) Responsible |
|--|-------|------------------------------------|--|---|
| A. Disseminate information and outcomes of the OCS Technology Plan to all stakeholder groups. | 1 | View Tech Plan | Plan distributed | Tech. Director |
| B. Maintain the Archdiocesan-wide planning advisory committee to monitor the ongoing development and implementation of the education technology goals for instruction, administration and communication. | All | View agenda and minutes | Ongoing meetings | Tech. Director / Committee |
| C. Ensure that every local school has a web page. | 1, 2 | View web pages | Web sites exist | Local schools |
| D. Develop and implement a plan to allow parental access of student records, attendance and grades. | 2, 3 | Survey schools | Parents are able to access information | Local school / Tech. Director / OCS Data Research |
| E. Develop and implement strategies to provide parents with the tools to understand their child's technology use and protect their children at home. | 1 | View flyers, workshop descriptions | Workshops held | Tech. PD director / local admin. |

Goal: 4 Catholic schools will develop local school addendums to the OCS plan incorporating the mission, vision and major goals and strategies.

| Strategies for Closing the Gap | Phase | Assessment Strategies and Tools | Success Indicators | Person(s) Responsible |
|--|-------|--|--------------------------------------|------------------------------|
| A. Determine, propose and sponsor strategies enabling all schools to update comprehensive technology plans based on the goals of the OCS plan. | 1 | Collection of local school planning pieces | Local plan complete | Tech Director / local school |
| B. Develop guidelines and provide planning information for all schools. | 1 | View newsletters, bulletins | Information disseminated | Tech Director / Committee |
| C. Ensure that local school technology plans are incorporated into the next cycle of the School Improvement Process | 2, 3 | View SIP manual | SIP process includes Technology Plan | SIP revision team |

CURRICULUM AND INSTRUCTION

ASSESSMENT AND EVALUATION

| | |
|----------------|---|
| Goal: 5 | Catholic schools integrate diverse technologies identified by scientifically based research into the process of teaching, learning and assessing in all disciplines at all instructional levels. |
|----------------|---|

| Strategies for Closing the Gap | Phase | Assessment Strategies and Tools | Success Indicators | Person(s) Responsible |
|--|-------|---------------------------------|--|---|
| A. Use learning activities that stress teamwork, complex thinking, authentic assessments that address real-world problems. | 1, 2 | Assess lesson plan | Majority of lesson plans incorporate such strategies | Principal / Teachers |
| B. Highlight technology best-practice principles at curriculum workshops. | 1, 2 | Workshop descriptions | Majority of workshops highlight best practices | OCS Curriculum Director |
| C. Incorporate technology integration strategies within the agenda of the Curriculum Advisory Committee. | 1 | View agendas | Integration included in agendas | OCS Curriculum Director / Tech Director |
| D. Investigate the development of incentives to encourage educators to incorporate technology in instruction in innovative ways. | 1 | View memos | Incentives investigated | Tech Director / Superintendent |
| E. Identify and publish the location of model classrooms and schools that incorporate best practice in technology integration and effective teaching and learning. | 1 | View newsletters and bulletins | Models published | Tech Director |

| | |
|----------------|---|
| Goal: 6 | Catholic schools, independently and collaborative use technology to communicate, access, analyze and evaluate information. |
|----------------|---|

| Strategies for Closing the Gap | Phase | Assessment Strategies and Tools | Success Indicators | Person(s) Responsible |
|--|-------|---------------------------------|---|-----------------------|
| A. Engage students in problem based learning within the curriculum using the Indicators of Learning and the Six Essential Learnings. | All | View lesson plans | Majority of teachers incorporate Project Based Learning | Principals / teachers |

| | | | | |
|---|-----|--|----------------------------|---|
| B. Develop a system-wide strategy for the attainment of student technology competencies. | 2 | View newsletters and bulletins | Strategy developed | OCS Staff / principals / teachers |
| C. Develop an alignment of technology and learning initiatives within existing school improvement areas. | All | View School Goals and School Improvement Plans | 50% of schools align plans | Principals / teachers |
| D. Provide resources (listservs, chat rooms, forums, etc.) that allow for collaboration among teachers in curriculum development, joint class projects and mutual growth. | 2 | View newsletters, bulletins and web site | Resources exist | Tech Director / OIT / OCS Staff / Committee |

Goal: 7 Catholic schools align technology initiatives with school improvement goals for curriculum, instruction, and assessment.

| Strategies for Closing the Gap | Phase | Assessment Strategies and Tools | Success Indicators | Person(s) Responsible |
|--|-------|---|--|----------------------------------|
| A. Ensure that curricular programs and written curriculum appropriately infuse technology into academic content and teaching strategies. | All | Examine written curriculum | All curriculum infuse technology | OCS Staff / principal / teachers |
| B. Identify and publish promising practices through OCS news vehicles. | All | View newsletters, bulletin and web site | Promising practices identified and published | OCS Staff |
| C. Encourage leadership in developing innovative pilot projects. | All | View lesson plans / observations | Projects identified | OCS Staff |

PROFESSIONAL DEVELOPMENT**ASSESSMENT AND EVALUATION**

Goal: 8 Catholic School professional staff (Administrators, Teachers, Librarians, Specialists) and support staff demonstrates competencies in technology skills and practices related to their responsibilities.

| Strategies for Closing the Gap | Phase | Assessment Strategies and Tools | Success Indicators | Person(s) Responsible |
|--|-------|---|---|--|
| A. Identify a person or persons at each school to form a technology committee or focus group to forward Archdiocesan and local technology goals. | 1 | Technology Survey | Persons identified in 90% of schools | Tech Director |
| B. Adopt and disseminate the NETS (National Educational Technology Standards) for administrators, teachers and students. | 1 | View newsletters, bulletins | NETS adopted | Tech Director / Committee / Principals |
| C. Identify or develop tools to measure the attainment of professional and support staff technology competencies and to certify their achievement. | 1 | View tools | Tools in place | Tec. PD director / Vendor partners |
| D. Ensure that school level and/or individual staff development plans appropriately infuse technology. | All | View school level staff development plans | Staff development plans include tech skills | Principal / teachers |
| E. Identify staff development providers who can address local in-service needs for both individuals and faculties. | 1 | View newsletters, bulletins | List of providers | Tech Director |

Goal: 9 Building level administrators become technology leaders.

| Strategies for Closing the Gap | | Phase | Assessment Strategies and Tools | Success Indicators | Person(s) Responsible |
|---|-----|-----------------------|---|--|--|
| A. Increase participation of administrators in technology leadership training. | All | View agendas | 75% of administrators participate | Tech director / PD director / principals | Tech director / PD director / principals |
| B. Ensure that technology competencies for professional and support staff are a component of the annual evaluation. | 2 | View evaluation forms | Forms revised | Principal | Principal |
| C. Ensure that local professional and support staff handbooks will include the Technology Standards for Illinois Teachers | 1 | View handbooks | Handbooks include standards | Principal | Principal |
| http://www.isbe.net/profprep/CASCDvr/Wd97/24120_coretechnology.doc | | | | | |
| D. Ensure that new principals and new teacher orientation sessions include technology expectations, training and standards. | 1 | View agendas | All new personnel received tech orientation | OCS Staff | OCS Staff |

Goal: 10 Professional Development in technology integration resources are identified and communicated to school personnel.

| Strategies for Closing the Gap | | Phase | Assessment Strategies and Tools | Success Indicators | Person(s) Responsible |
|---|-----|----------------------|---|------------------------------------|------------------------------------|
| A. Develop a Curriculum web link that includes technology integration resources. | 1 | View web pages | Links evident | Tech Director | Tech Director |
| B. Establish elementary level technology coordinators groups based upon the model of the Technology Educators for Catholic High Schools (TECHS) | All | View agenda, minutes | Groups established in 25% of the councils each year | Tech Director / Local Tech / TECHS | Tech Director / Local Tech / TECHS |
| C. Provide assistance to local schools to access federal and external grant resources. | All | Annual Survey | 100% of schools access all available resources | Sponsored Programs Department | Sponsored Programs Department |

| | | |
|--------------|-----------|---|
| Goal: | 11 | Catholic schools provide professional development in technology to support and enhance curriculum, instruction and assessment. |
|--------------|-----------|---|

| Strategies for Closing the Gap | Phase | Assessment Strategies and Tools | Success Indicators | Person(s) Responsible |
|---|--------------|--|-------------------------------------|--|
| A. Develop, deliver and facilitate diverse technology integration staff development offerings. | All | View flyers | A variety of offerings exist | Tech director or / PD director /principals |
| B. Ensure that SIP Professional Development Plans incorporate current research and best practice in technology. | 1 | View SIP Manual | Evident in Staff Development plans | OCS Staff |
| C. Provide electronic accessibility to OCS documents and guides that support curriculum and instruction. | All | View posting of documents | Documents available | OCS Staff |
| D. Infuse the application of technology into all inservice and training provided by OCS. | All | View agenda | Application is evident | OCS Staff |
| E. Utilize an aggressive train-the-trainers program to leverage system expertise. | All | View experts database | 20 new experts identified each year | OCS Staff |

TECHNOLOGY DEPLOYMENT AND SUSTAINABILITY

ASSESSMENT AND EVALUATION

Goal: 12 Catholic schools have sufficient technology resources for teaching, learning, and management.

| Strategies for Closing the Gap | Phase | Assessment Strategies and Tools | Success Indicators | Person(s) Responsible |
|--|--------------|---|---|--|
| A. Seek to maximize the access of funding sources for schools including e-rate, federal funds, grants and partnerships. | All | Tech Survey, SLID Database | % of schools participating increase each year | Tech Director |
| B. Develop suggested minimum technology standards for schools. | 1, 2 | View newsletters, bulletins | Standards developed | Committee / Tech Director / OIT |
| C. Encourage and facilitate collaborative purchasing of equipment and services. | 1 | View newsletters, bulletins | New agreements each year | Committee / Tech Director / OIT |
| D. Conduct a yearly survey to update equipment/software inventory and anticipated purchases. | 1 | View survey | 100% participate | Tech Director / OCS Data Research |
| E. Develop procedures and effective models in school budgeting for training, hardware repair and maintenance, life cycle replacement and appropriate licensing. | 2 | View published models | Models identified | Tech Director |
| F. Ensure that adequate power supports existing and future technology resources planned for individual schools and that power complies with all fire, safety and electrical regulations. | 3 | View facility upgrade standards + plans | 75% of schools meet minimum standards | Principal / Pastors / Archdiocese Agencies |

Goal: 13 Catholic schools electronically network with the Archdiocese and each other.

| Strategies for Closing the Gap | Phase | Assessment Strategies and Tools | Success Indicators | Person(s) Responsible |
|--|--------------|--|---------------------------|------------------------------|
| A. Determine an Archdiocese-wide networking strategy for linking all | All | View newsletters, bulletins | Strategy developed | Tech Director / OIT |

| | | | |
|----|--|-----|---|
| | | | |
| B. | Identify and leverage cooperative infrastructure for Internet access and Wide Area networking opportunities. | All | Technology Survey, Contracts |
| C. | Develop procedures and effective models of ubiquitous access to computer technology in schools. | 2 | View newsletters, bulletins Models published |
| | | | Tech Director / OIT / Committee |

Goal: 14 Catholic schools leverage resources and programs to ensure adequate technology services.

| Strategies for Closing the Gap | Phase | Assessment Strategies and Tools | Success Indicators | Person(s) Responsible |
|---|-------|------------------------------------|----------------------------|---------------------------------|
| A. Provide a mechanism to coordinate and align school technical needs with available OIT services to schools. | 1 | View newsletter announcements | Coordination exists | OIT / Tech Director / Committee |
| B. Develop a committee to advise OCS on areas of greatest need and most desired technology services. | 1 | View agenda and minutes | Committee exists | Tech Director |
| C. Build internal capacity by identifying school level technology leaders and supporting them with additional technical training opportunities. | 2, 3 | View flyers, training descriptions | Training is being provided | Tech Director / Committee |
| G. Encourage the development of technology maintenance and support consortiums around a high school with its feeder elementary schools. | 3 | View agenda and minutes | Consortium groups exist | Tech Director / OIT / TECHS |

| | |
|-----------------|---|
| Goal: 15 | Catholic schools adopt technology policies for the acquisition, deployment, utilization and support of educational technology and school management. |
|-----------------|---|

| Strategies for Closing the Gap | Phase | Assessment Strategies and Tools | Success Indicators | Person(s) Responsible |
|---|--------------|--|-----------------------------------|---------------------------------|
| A. Continue to update and revise technology policies (Internet, acceptable use, electronic tools) for employees and students that are CIPA compliant. | 1 | Examine policy document | Updated policy exists | Tech Director / Committee |
| B. Assist schools in developing standards and procurement recommendations for the purchase of hardware and software. | All | View Newsletters, bulletins | Standards developed and published | Tech Director / OIT / Committee |
| C. Develop, endorse and publish Archdiocesan technical standards for operating software, network protocols and new hardware purchases. | 1 | View Newsletters, bulletins | Standards developed and published | Tech Director / OIT / Committee |

| | |
|-----------------|---|
| Goal: 16 | Catholic schools utilize electronic administrative management systems. |
|-----------------|---|

| Strategies for Closing the Gap | Phase | Assessment Strategies and Tools | Success Indicators | Person(s) Responsible |
|--|--------------|--|---------------------------|---|
| A. Develop standard practices for student, tuition and financial transaction and reporting systems appropriate for school use. | 2 | Examine standards | Standards published | Tech Director / OCS Data Research / OIT / Committee |
| B. Disseminate a database of administrative applications that meet recommended standards. | 2 | Examine databases | Database exist | Tech Director / OCS Data Research / OIT / Committee |
| C. Develop cooperative purchasing agreements for the acquisition of administrative management systems. | 3 | Examine agreements | Agreement exist | Tech Director / OCS Data Research / OIT / Committee |

SECTION 8

SCHOOL POLICIES AND PROCEDURES

Policy in the Archdiocese of Chicago is developed according to the norm of Canon (Roman Catholic Church) law (c. 391 and 427, #1). This process required extensive advice and consensus of the various Archdiocesan consultative bodies and agencies of the Pastoral Center. The Vicar of the Archdiocese of Chicago, Francis Cardinal George, ultimately approves policy statement.

Many policies guide the vision and operation of Catholic schools. For the purposes of this plan, three specific policies and procedures have been developed and may be found in the School Administrator's Handbook (See Appendix)

1. Electronic Communications Policy for Adults
2. Acceptable Use Policy for Students including CIPA compliant additions.

SECTION 10 Web publishing guidelines.

SECTION 9

TIMELINE, BUDGET AND FINANCIAL PLAN

Phase One

July 2005 - June 2006

Stakeholder and Community Involvement

Goal: 1 Catholic schools, in partnership with the surrounding local and global communities, discover and leverage the educational, financial and technical resources available.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|------------|---|----------------------|--------|----------------|
| A. Identify, publish and centrally update sources for funding of technology initiatives. | All | Technology Director / Committee | Ongoing | (time) | |
| B. Assist and enable parishes and schools to conduct local campaigns in support of education technology implementation. | All | Technology Director / OCS Marketing | Ongoing | (time) | |
| C. Create materials to plan a successful development campaign. | 1, 2 | Local school administrator / Technology Committee | 2007 | \$2000 | Local budget |
| D. Ensure local technology plans address how community resources will be discovered and leveraged. | All | Local school administrator / Technology Committee | Ongoing | (time) | |

Goal: 2 Catholic schools strive for equity in Archdiocesan-wide uses of technology.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|--|----------------------|--------|----------------|
| B. Expand the network for efficient donation and refurbishment of technology. | All | Technology Director / Committee / OIT | Ongoing | (time) | |
| C. Identify and cooperate with local and national foundations to secure resources; target schools with critical needs. | All | Big Shoulders / OCS Staff / Sponsored Programs | Ongoing | (time) | |
| D. Access e-rate discounts for all schools. | All | Local Schools / Technology Director | Ongoing | (time) | |

Goal: 3 Catholic schools utilize OCS and local resources to maximize Archdiocesan, school, family and community communication

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|--|----------------------|--------|--|
| A. Disseminate information and outcomes of the OCS Technology Plan to all stakeholder groups. | 1 | Technology Director | 2006 | \$500 | OCS Budget |
| B. Maintain the Archdiocesan-wide planning advisory committee to monitor the ongoing development and implementation of the education technology goals for instruction, administration and communication. | All | Technology Director | Ongoing | (time) | |
| C. Ensure that every local school has a web site. | 1, 2 | Technology Director / OIT / TECHS | 2007 | \$5000 | Archdiocesan budget / local school budget† |
| E. Develop and implement strategies to provide parents with the tools to understand their child's technology use and protect their children at home. | 1 | Technology Professional Development Director / Local school administrators | 2006 | \$5000 | Technology Professional Development Initiative |

| | |
|----------------|---|
| Goal: 4 | Catholic schools will develop local school addendums to the OCS plan incorporating the mission, vision and major goals and strategies. |
|----------------|---|

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|-------------------|---------------------------------|-----------------------------|-------------|-----------------------|
| B. Develop guidelines and provide planning information for all schools. | 1 | Technology Director / Committee | 2006 | \$500 | OCS Budget |
| C. Ensure that local school technology plans are incorporated into the next cycle of the School Improvement Process | 2, 3 | S.I.P. Revision Team | 2008 | (time) | |

Curriculum and Instruction

| | |
|----------------|---|
| Goal: 5 | Catholic schools integrate diverse technologies identified by scientifically based research into the process of teaching, learning and assessing in all disciplines at all instructional levels. |
|----------------|---|

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|-------------------|---|-----------------------------|--------------|-----------------------|
| A. Use learning activities that stress teamwork, complex thinking, authentic assessments that address real-world problems. | 1, 2 | Principal/Teachers | 2007 | Speaker Fees | Local School Budget |
| B. Highlight best practice in technology principles at curriculum workshops. | 1, 2 | OCS Curriculum Director | 2007 | (time) | |
| C. Incorporate technology integration strategies within the agenda of the Curriculum Advisory Committee. | 1 | OCS Curriculum Director / Technology Director | 2006 | (time) | |
| D. Investigate the development of incentives to encourage educators to incorporate technology in instruction in innovative ways. | 1 | Technology Director / Superintendent | 2006 | (time) | |
| E. Identify and publish the location of model classrooms and schools that | 1 | Technology Director | 2006 | (time) | |

| | | |
|--|--|--|
| incorporate best practice in technology integration and effective teaching and learning. | | |
|--|--|--|

Goal: 6 Catholic schools, independently and collaborative use technology to communicate, access, analyze and evaluate information.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|-----------------------------------|----------------------|----------|------------------------------|
| A. Engage students in problem based learning within the curriculum using the Indicators of Learning and the Six Essential Learnings. | All | OCS Staff / Principals / Teachers | Ongoing | Speakers | Local budgets / Title grants |
| C. Develop an alignment of technology and learning initiatives within existing school improvement areas. | All | Principals / teachers | Ongoing | (time) | |

Goal: 7 Catholic schools align technology initiatives with school improvement goals for curriculum, instruction, and assessment.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|----------------------------------|----------------------|--------------------------------|----------------|
| A. Ensure that curricular programs and written curriculum appropriately infuse technology into academic content and teaching strategies. | All | OCS Staff / Principal / Teachers | Ongoing | (time) | |
| B. Identify and publish promising practices through OCS news vehicles. | All | OCS Staff | Ongoing | (time) | |
| C. Encourage leadership in developing innovative pilot projects. | All | Principals | Ongoing | (time) cost of project support | Local budgets |

Professional Development

| | |
|----------------|---|
| Goal: 8 | Catholic School professional staff (Administrators, Teachers, Librarians, Specialists) and support staff demonstrates competencies in technology skills and practices related to their responsibilities. |
|----------------|---|

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|--|----------------------|------------------|----------------|
| A. Identify a person or persons at each school to form a technology committee or focus group to forward Archdiocesan and local technology goals. | 1 | Technology Director / Principal / Local Tech Coordinator | 2006 (time) | | |
| B. Adopt and disseminate the NETS (National Educational Technology Standards) for administrators, teachers and students. | 1 | Technology Director / Committee / Principal | 2006 | Publishing costs | OCS Budget |
| C. Identify or develop tools to measure the attainment of professional and support staff technology competencies and to certify their achievement. | 1 | Technology Director / Vendor Partners | 2006 | \$20,000 | Grants |
| D. Ensure that school level and/or individual staff development plans appropriately infuse technology. | All | Principal / Teachers | Ongoing | (time) | |
| E. Identify staff development providers who can address local in-service needs for both individuals and faculties. | 1 | Technology Director | 2006 | (time) | |

Goal: 9 Building level administrators become technology leaders.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|--|----------------------|----------|---------------------------|
| E. Increase participation of administrators in technology leadership training. | All | Tech director / PD director / principals | 2008 | Speakers | Local budgets / grants |
| C. Ensure that local professional and support staff handbooks will include the Technology Standards for Illinois Teachers http://www.isbe.net/profprep/CASCDvr/Wd97/24120_coretechnology.doc | 1 | Principal | 2006 | (time) | |
| D. Ensure that new principals and new teacher orientation sessions include technology expectations, training and standards. | 1 | OCS Staff | 2006 | Speakers | OCS Budget / local budget |

Goal: 10 Professional Development in technology integration resources are identified and communicated to school personnel.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|--|----------------------|--------|----------------|
| A. Develop a Curriculum web link that includes technology integration resources. | 1 | Technology Director | 2006 | (time) | |
| B. Establish elementary level technology coordinators groups based upon the Technology Educators for Catholic High Schools (TECHS) | All | Technology Director / TECHS / Local Tech Coordinator | 2007 | (time) | |
| C. Provide assistance to local schools in accessing federal and external grant resources. | All | Sponsored Programs Department | Ongoing | (time) | |

| | |
|-----------------|---|
| Goal: 11 | Catholic schools provide professional development in technology to support and enhance curriculum, instruction and assessment. |
|-----------------|---|

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|-------------------|----------------------------------|-----------------------------|------------------|------------------------|
| A. Develop, deliver and facilitate diverse technology integration staff development offerings. | All | Technology Director / Principals | Ongoing | \$500,000 / year | Local budgets / grants |
| B. Ensure that SIP Professional Development Plans incorporate current research and best practice in technology. | 1 | OCS Staff | 2006 | (time) | |
| C. Provide electronic accessibility to OCS documents and guides that support curriculum and instruction. | All | OCS Staff | Ongoing | (time) | |
| D. Infuse the application of technology into all inservice and training provided by OCS. | All | OCS Staff | Ongoing | (time) | |
| E. Utilize an aggressive train-the-trainers program to leverage system expertise. | All | OCS Staff | Ongoing | (time) | |

Technology Deployment and Sustainability

Goal: 12 Catholic schools have sufficient technology resources for teaching, learning, and management.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|------------|---|----------------------|--------|----------------|
| A. Seek to maximize the access of funding sources for schools including e-rate, federal funds, grants and partnerships. | All | Technology Director | Ongoing | (time) | |
| B. Develop suggested minimum technology standards for schools. | 1, 2 | Committee / Technology Director / OIT | 2007 | (time) | |
| C. Encourage and facilitate collaborative purchasing of equipment and services. | 1 | Technology Director / OIT / Committee | 2006 | (time) | |
| D. Conduct a yearly survey to update equipment/software inventory and anticipated purchases. | 1 | Technology Director / OCS Date Research | 2006 | (time) | |

Goal: 13 Catholic schools electronically network with the Archdiocese and each other.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|------------|---------------------------------------|----------------------|--------|----------------|
| A. Determine an Archdiocese-wide networking strategy for linking all schools and classrooms and providing schools with an electronic mail system, calendar, and document sharing. | All | OIT / Technology Director / Committee | 2008 | (time) | |
| B. Identify and leverage cooperative infrastructure for Internet access and Wide Area networking opportunities. | All | OIT, Technology Director / Committee | 2008 | (time) | |

Goal: 14 Catholic schools leverage resources and programs to ensure adequate technology services.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|------------|---------------------------------------|----------------------|--------|----------------|
| A. Provide a mechanism to coordinate and align school technical needs with available OIT services to schools. | 1 | OIT / Technology Director / Committee | 2006 | (time) | |
| B. Develop a committee to advise OCS on areas of greatest need and most desired technology services. | 1 | Technology Director | 2006 | (time) | |

Goal: 15 Catholic schools adopt technology policies for the acquisition, deployment, utilization and support of educational technology and school management.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|------------|---------------------------------------|----------------------|--------|----------------|
| A. Continue to update and revise technology policies (Internet, acceptable use, electronic tools) for employees and students that are CIPA compliant. | 1 | Technology Director | 2006 | (time) | |
| B. Assist schools in developing standards and procurement recommendations for the purchase of hardware and software. | All | Technology Director / OIT / Committee | Ongoing | (time) | |
| C. Develop, endorse and publish Archdiocesan technical standards for operating software, network protocols and new hardware purchases. | 1 | Technology Director / OIT / Committee | 2006 | (time) | |

Phase Two

July 2006 - June 2007

Stakeholder and Community Involvement

Goal: 1 Catholic schools, in partnership with the surrounding local and global communities, discover and leverage the educational, financial and technical resources available.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|------------|---|----------------------|--------|----------------|
| A. Identify, publish and centrally update sources for funding of technology initiatives. | All | Technology Director / Committee | Ongoing | (time) | |
| B. Assist and enable parishes and schools to conduct local campaigns in support of education technology implementation. | All | Technology Director / OCS Marketing | Ongoing | (time) | |
| C. Create materials to plan a successful development campaign. | 1, 2 | Local school administrator / Technology Committee | 2007 | \$2000 | Local budget |
| D. Ensure local technology plans address how community resources will be discovered and leveraged. | All | Local school administrator / Technology Committee | Ongoing | (time) | |

Goal: 2 Catholic schools strive for equity in Archdiocesan-wide uses of technology.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|------------|---------------------------------------|----------------------|--------|----------------|
| A. Establish a cost-effective source for technical support. | 2, 3 | Technology Director / OIT | 2008 | (time) | |
| B. Expand the network for efficient donation and refurbishment of technology. | All | Technology Director / Committee / OIT | Ongoing | (time) | |

| | | | | |
|--|-----|--|---------|--------|
| C. Identify and cooperate with local and national foundations to secure resources; target schools with critical needs. | All | Big Shoulders / OCS Staff / Sponsored Programs | Ongoing | (time) |
| D. Access e-rate discounts for all schools. | All | Local Schools / Technology Director | Ongoing | (time) |

Goal: 3 Catholic schools utilize OCS and local resources to maximize Archdiocesan, school, family and community communication

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|--|----------------------|-----------|---|
| B. Maintain the Archdiocesan-wide planning advisory committee to monitor the ongoing development and implementation of the education technology goals for instruction, administration and communication. | All | Technology Director | Ongoing | (time) | |
| C. Ensure that every local school has a web site. | 1, 2 | Technology Director / OIT / TECHS | 2007 | \$5000 | Archdiocesan budget / local school budget |
| D. Develop and implement a plan to allow parental access of student records, attendance and grades. | 2, 3 | Local School / Tec. Director / OCS Data Research | 2008 | \$900,000 | Local school budget / grants |

Goal: 4 Catholic schools will develop local school addendums to the OCS plan incorporating the mission, vision and major goals and strategies.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|------------|-----------------------|----------------------|--------|----------------|
| C. Ensure that local school technology plans are incorporated into the next cycle of the School Improvement Process | 2, 3 | S.I.P. Revision Team | 2008 | (time) | |

Curriculum and Instruction

| | |
|----------------|---|
| Goal: 5 | Catholic schools integrate diverse technologies identified by scientifically based research into the process of teaching, learning and assessing in all disciplines at all instructional levels. |
|----------------|---|

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|-------------------|------------------------------|-----------------------------|--------------|-----------------------|
| A. Use learning activities that stress teamwork, complex thinking, authentic assessments that address real-world problems. | 1, 2 | Principal/Teachers | 2007 | Speaker Fees | Local School Budget |
| B. Highlight best practice in technology principles at curriculum workshops. | 1, 2 | OCS Curriculum Director | 2007 (time) | | |

| | |
|----------------|---|
| Goal: 6 | Catholic schools, independently and collaborative use technology to communicate, access, analyze and evaluate information. |
|----------------|---|

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|-------------------|---------------------------------------|-----------------------------|-------------|------------------------------|
| A. Engage students in problem based learning within the curriculum using the Indicators of Learning and the Six Essential Learnings. | All | OCS Staff / Principals / Teachers | Ongoing | Speakers | Local budgets / Title grants |
| B. Develop a system-wide strategy for the attainment of student technology competencies. | 2 | OCS Staff / Principals /Teachers | 2007 | (time) | |
| C. Develop an alignment of technology and learning initiatives within existing school improvement areas. | All | Principals / teachers | Ongoing | (time) | |
| D. Provide resources (listservs, chat rooms, forums, etc.) that allow for collaboration among teachers in curriculum development, joint class projects and mutual growth. | 2 | Technology Director / OIT / OCS Staff | 2007 | \$1000 | OCS budget |

| | |
|----------------|---|
| Goal: 7 | Catholic schools align technology initiatives with school improvement goals for curriculum, instruction, and assessment. |
|----------------|---|

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|-------------------|----------------------------------|-----------------------------|--------------------------------|-----------------------|
| A. Ensure that curricular programs and written curriculum appropriately infuse technology into academic content and teaching strategies. | All | OCS Staff / Principal / Teachers | Ongoing | (time) | |
| B. Identify and publish promising practices through OCS news vehicles. | All | OCS Staff | Ongoing | (time) | |
| C. Encourage leadership in developing innovative pilot projects. | All | Principals | Ongoing | (time) cost of project support | Local budgets |

Professional Development

| | |
|----------------|---|
| Goal: 8 | Catholic School professional staff (Administrators, Teachers, Librarians, Specialists) and support staff demonstrates competencies in technology skills and practices related to their responsibilities. |
|----------------|---|

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|-----------------------|----------------------|--------|----------------|
| D. Ensure that school level and/or individual staff development plans appropriately infuse technology. | All | Principal / Teachers | Ongoing | (time) | |

| | |
|----------------|---|
| Goal: 9 | Building level administrators become technology leaders. |
|----------------|---|

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|------------|--|----------------------|----------|------------------------|
| A. Increase participation of administrators in technology leadership training. | All | Tech director / PD director / principals | 2008 | Speakers | Local budgets / grants |
| B. Ensure that technology competencies for professional and support staff are a component of the annual evaluation. | 2 | Principal | 2007 | (time) | |

| | |
|-----------------|--|
| Goal: 10 | Professional Development in technology integration resources are identified and communicated to school personnel. |
|-----------------|--|

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|------------|--|----------------------|--------|----------------|
| B. Establish elementary level technology coordinators groups based upon the model of the Technology Educators for Catholic High Schools (TECHS) | All | Technology Director / TECHS / Local Tech Coordinator | 2007 | (time) | |
| C. Provide assistance to local schools in accessing federal and external grant resources. | All | Sponsored Programs Department | Ongoing | (time) | |

Goal: 11 Catholic schools provide professional development in technology to support and enhance curriculum, instruction and assessment.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|----------------------------------|----------------------|------------------|------------------------|
| A. Develop, deliver and facilitate diverse technology integration staff development offerings. | All | Technology Director / Principals | Ongoing | \$500,000 / year | Local budgets / grants |
| C. Provide electronic accessibility to OCS documents and guides that support curriculum and instruction. | All | OCS Staff | Ongoing | (time) | |
| D. Infuse the application of technology into all inservice and training provided by OCS. | All | OCS Staff | Ongoing | (time) | |
| E. Utilize an aggressive train-the-trainers program to leverage system expertise. | All | OCS Staff | Ongoing | (time) | |

Technology Deployment and Sustainability

Goal: 12 Catholic schools have sufficient technology resources for teaching, learning, and management.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|------------|-----------------------------------|----------------------|--------|----------------|
| A. Seek to maximize the access of funding sources for schools including e-rate, federal funds, grants and partnerships. | All | Technology Director | Ongoing | (time) | |
| B. Develop suggested minimum technology standards for schools. | 1, 2 | Committee / Technology Dir. / OIT | 2007 | (time) | |

| | | | | | | |
|----|---|---|--|------|--------------|---|
| E. | Develop procedures and effective models in school budgeting for training, hardware repair and maintenance, life cycle replacement and appropriate licensing. | 2 | Technology Director | 2007 | (time) | |
| F. | Ensure that adequate power supports existing and future technology resources planned for individual schools and that power complies with all fire, safety and electrical regulations. | 3 | Principals / Pastors / Archdiocese Pastoral Center | 2008 | \$100,000 X? | Local budgets, grants, development /Big Shoulders |

Goal: 13 Catholic schools electronically network with the Archdiocese and each other.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|------------|---------------------------------------|----------------------|--------|----------------|
| A. Determine an Archdiocese-wide networking strategy for linking all schools and classrooms and providing schools with an electronic mail system, calendar, and document sharing. | All | OIT / Technology Director / Committee | 2008 | (time) | |
| B. Identify and leverage cooperative infrastructure for Internet access and Wide Area networking opportunities. | All | OIT, Technology Director/ Committee | 2008 | (time) | |
| C. Develop procedures and effective models of ubiquitous access to computer technology in schools. | 2 | Technology Director / Committee / OIT | 2007 | (time) | |

Goal: 14 Catholic schools leverage resources and programs to ensure adequate technology services.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|------------|---------------------------------|----------------------|----------------|-----------------------|
| C. Build internal capacity by identifying school level technology leaders and | 2, 3 | Technology Director / Committee | 2008 | Training costs | Local budgets, grants |

Archdiocese of Chicago - June, 2005

| | | | |
|---|---|--|----------------|
| supporting them with additional technical training opportunities. | | | |
| D. Encourage the development of technology maintenance and support consortiums around a high school with its feeder elementary schools. | 3 | Technology Director / OIT / High Schools | 2008 (time) |

Goal: 15 Catholic schools adopt technology policies for the acquisition, deployment, utilization and support of educational technology and school management.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|---------------------------------------|----------------------|--------|----------------|
| B. Assist schools in developing standards and procurement recommendations for the purchase of hardware and software. | All | Technology Director / OIT / Committee | Ongoing | (time) | |

Goal: 16 Catholic schools utilize electronic administrative management systems.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|---|----------------------|--------|----------------|
| A. Develop standard practices for student, tuition and financial transaction and reporting systems appropriate for school use. | 2 | Technology Director / OCS Data Research / OIT / Committee | 2007 | (time) | |
| B. Disseminate a database of administrative applications that meet recommended standards. | 2 | Technology Director / OCS Data Research / OIT / Committee | 2007 | (time) | |
| C. Develop cooperative purchasing agreements for the acquisition of administrative management systems. | 3 | Technology Director / OCS Data Research / OIT / Committee | 2008 | (time) | |

Phase Three

July 2007 - June 2008

Stakeholder and Community Involvement

| | |
|----------------|--|
| Goal: 1 | Catholic schools, in partnership with the surrounding local and global communities, discover and leverage the educational, financial and technical resources available. |
|----------------|--|

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|------------|---|----------------------|--------|----------------|
| A. Identify, publish and centrally update sources for funding of technology initiatives. | All | Technology Director / Committee | Ongoing | (time) | |
| B. Assist and enable parishes and schools to conduct local campaigns in support of education technology implementation. | All | Technology Director / OCS Marketing | Ongoing | (time) | |
| D. Ensure local technology plans address how community resources will be discovered and leveraged. | All | Local school administrator / Technology Committee | Ongoing | (time) | |

| | |
|----------------|--|
| Goal: 2 | Catholic schools strive for equity in Archdiocesan-wide uses of technology. |
|----------------|--|

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|------------|---------------------------------------|----------------------|--------|----------------|
| A. Establish a cost-effective source for technical support. | 2, 3 | Technology Director / OIT | 2008 | (time) | |
| B. Expand the network for efficient donation and refurbishment of technology. | All | Technology Director / Committee / OIT | Ongoing | (time) | |

| | | | | |
|--|-----|--|---------|--------|
| C. Identify and cooperate with local and national foundations to secure resources; target schools with critical needs. | All | Big Shoulders / OCS Sponsored Programs | Ongoing | (time) |
| D. Access e-rate discounts for all schools. | All | Local Schools / Technology Director | Ongoing | (time) |

Goal: 3 Catholic schools utilize OCS and local resources to maximize Archdiocesan, school, family and community communication

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|---|----------------------|-----------|------------------------------|
| B. Maintain the Archdiocesan-wide planning advisory committee to monitor the ongoing development and implementation of the education technology goals for instruction, administration and communication. | All | Technology Director | Ongoing | (time) | |
| D. Develop and implement a plan to allow parental access of student records, attendance and grades. | 2, 3 | Local School / Tech. Director / OCS Data Research | 2008 | \$900,000 | Local school budget / grants |

Goal: 4 Catholic schools will develop local school addendums to the OCS plan incorporating the mission, vision and major goals and strategies.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|---|------------|-----------------------|----------------------|--------|----------------|
| C. Ensure that local school technology plans are incorporated into the next cycle of the School Improvement Process | 2, 3 | S.I.P. Revision Team | 2008 | (time) | |

Curriculum and Instruction

| | |
|----------------|---|
| Goal: 6 | Catholic schools, independently and collaborative use technology to communicate, access, analyze and evaluate information. |
|----------------|---|

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|-----------------------------------|----------------------|--------|------------------------------|
| A. Engage students in problem based learning within the curriculum using the Indicators of Learning and the Six Essential Learnings. | All | OCS Staff / Principals / Teachers | Ongoing | | Local budgets / Title grants |
| C. Develop an alignment of technology and learning initiatives within existing school improvement areas. | All | Principals / teachers | Ongoing | (time) | |

| | |
|----------------|---|
| Goal: 7 | Catholic schools align technology initiatives with school improvement goals for curriculum, instruction, and assessment. |
|----------------|---|

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|----------------------------------|----------------------|--------------------------------|----------------|
| A. Ensure that curricular programs and written curriculum appropriately infuse technology into academic content and teaching strategies. | All | OCS Staff / Principal / Teachers | Ongoing | (time) | |
| B. Identify and publish promising practices through OCS news vehicles. | All | OCS Staff | Ongoing | (time) | |
| C. Encourage leadership in developing innovative pilot projects. | All | Principals | Ongoing | (time) cost of project support | Local budgets |

Professional Development

Goal: 8 Catholic School professional staff (Administrators, Teachers, Librarians, Specialists) and support staff demonstrates competencies in technology skills and practices related to their responsibilities.

| Strategy and/or related Purchase | Phase Year | Person(s) Responsible | Expected Finish Date | Cost | Funding Source |
|--|------------|-----------------------|----------------------|--------|----------------|
| D. Ensure that school level and/or individual staff development plans appropriately infuse technology. | All | Principal / Teachers | Ongoing | (time) | |
