

WPA Category:

Poster Title:

What are the main colors and symbols used?

What is the central figure/object/feature?

What is the significance of the central figure/object? How does it relate to the main theme?

What is the mood/tone created by the poster?

Who do you think the intended audience was for this poster?

How is the message being communicated? In words, images, or both?

Modern Category:

Source:

What format is the source?

What are the main colors and symbols used?

What is the central figure/object/feature?

What is the mood/tone created by the source?

Who do you think the intended audience was for this source? (Think about the access and format of your source.)

How is the design and tone different in the modern source versus the WPA poster?
